Kocaeli, Turkey

A recent graduate from the Department of Visual Communication Design at Kocaeli University. During my university years, I had the opportunity to gain experience in various fields, especially in design and media. I strongly believe that dedicated, attentive, and careful work always leads to success. Therefore, I am confident that I can contribute to your organization with my skills and strong work ethic.

EDUCATION

Kocaeli University, Visual Communication Design, **September 2020- June 2025**

(Bachelor's)

Ankara Kanuni Vocational and Technical Anatolian High School, Department of Information Technologies –Web Design, **September 2015- June 2019**

WORK EXPERIENCE

Board Member, Kocaeli University Underwater Society, June 2023 – July 2025

I was actively involved in the design and training processes of the team. Later, I took on the role of Product Design and Education Coordinator for 2 years.

- Follow-up of the responsibilities of the design and training teams.
- Preparation of the annual product development and training plan.
- Organization of design workshops, education sessions, and other related events.
- Documentation of weekly team meetings and design discussions.
- Managing the inventory of all education and design-related materials, ensuring they are up-to-date and properly maintained.

High School Intern, TEDAS, Ankara, September 2018- June 2019

I completed a 9-month compulsory summer internship, gaining hands-on experience in technical support and web design processes.
