

EBRAR KADIR ÇETİN

I studied electrical and electronics in high school. I did my high school internship at tcdd as an electrical and electronics technician. I studied associate degree computer programming at Kocaeli University. Then I started my associate degree computer engineering at Suleyman Demirel University and I am still studying now. And at the same time, I am studying management information systems at Anadolu University. I worked as a computer technician at Suleyman Demirel University for 2 years. I am currently working as a part time full stack devoloper at the Department of Information Technologies at Süleyman Demirel University.
