EDUCATION

Pamukkale University-Computer Engineering

2021-2022 English Preparatory Program
2022-Present

Samiha Ayverdi Anatolian High School

2016-2020

EXPERIENCE

PUPILICA UI/UX 4 WEEK CAMP

(2025)

- Received certification upon completing a 4-week UI/UX training program focused on design fundamentals, practical techniques, and Figma application through workshops and hands-on projects.

ANDROID DEVELOPMENT: KOTLIN BOOTCAMP

(2025)

- A 48-hour bootcamp experience where I learned Android Studio and Kotlin from the basics to advanced levels. During this process, I developed numerous applications and completed one major capstone project. I also gained knowledge of databases and API services.

AIESEC

(2021-2023)

- It is a welfare association, I was doing marketing and B2B/B2C in this association.

PAÜSİBER FRONTEND INTRODUCTORY COURSE

(2021-2022)

- In this course I learned HTML, CSS and basics of javascript
